

## membership information

### Mission

*The Society for Information Technology and Teacher Education is an international association of individual teacher educators, and affiliated organizations of teacher educators in all disciplines, who are interested in the creation and dissemination of knowledge about the use of information technology in teacher education and faculty/staff development.*

*The Society seeks to promote research, scholarship, collaboration, exchange, and support among its membership, and to actively foster the development of new national organizations where a need emerges. SITE is the only organization that has as its sole focus the integration of instructional technologies into teacher education programs.*

SITE promotes the development and dissemination of theoretical knowledge, conceptual research, and professional practice knowledge through the SITE conference, books, collaborative projects with other organizations, and the Journal of Technology and Teacher Education.

SITE (founded in 1990) is a society of the Association for the Advancement of Computing in Education (AACE). AACE (founded in 1981) is an international, educational, and professional organization dedicated to the advancement of the knowledge, theory, and quality of learning and teaching at all levels with information technology.

# Journal of Technology and Teacher Education

<http://site.ace.org/pubs/>

This official journal of SITE serves as a forum for the exchange of knowledge about the use of information technology in teacher education. Journal content covers:

- preservice and inservice teacher education,
- graduate programs in areas such as curriculum and instruction,
- educational administration,
- instructional technology, and

- educational computing.

Content categories include:

- Research Papers,
- Evaluations,
- Experimental Studies,
- Tutorials,
- Case Studies,
- Courseware Experiences,
- Opinions, and
- Qualitative Studies.

A quarterly subscription to JTATE is included with SITE membership.

## SITE Position Paper: Statement of Basic Principles & Suggested Actions

("Ames White Paper")

<http://site.ace.org/keypapers/>

The SITE Position Paper known as the "Ames White Paper" was developed at Iowa State Univ. in response to a request from Linda Roberts, and presented at the "White House Conference on Technology Training for Teachers" in Washington, D.C. on April 24, 1998. The recommendations flowing from this conference provided the impetus for the subsequent "Preparing Tomorrow's Teachers to Use Technology" initiative.

# SITE Electronic Journal

<http://www.citejournal.org>

*Contemporary Issues in Technology and Teacher Education (CITE)* is an electronic publication of the Society for Information Technology and Teacher Education (SITE), established as a multimedia, interactive electronic counterpart of the Journal of Technology and Teacher Education. Funded by a U.S. Department of Education Preparing Tomorrow's Teachers to Use Technology (PT3) catalyst grant, CITE makes possible the inclusion of sound, animated images, and simulation, as well as allowing for ongoing, immediate dialog about theoretical issues.

**Subscriptions are at no cost due to a PT3 grant from the U.S. Dept. of Education**

CITE includes three major categories of articles

- Current Issues include more theoretical discussions of technology and teacher preparation.
- Current Practices provide shorter, up-to-the-minute snapshots of technology in practice.
- Seminal Articles include previously published "classic" articles that have advanced the discussion of technology and teacher education.

Articles address technology and teacher education, assessment, attitudes, beliefs, curriculum, equity, research, translating research into practice, learning theory, alternative conceptions, sociocultural issues, special populations, and integration of subjects.

### Current Issues Articles

The respective professional societies for each of the following disciplines have sole responsibility for editorial review of Current Issues articles in their discipline:

- **Science Education** - Association for the Education of Teachers in Science (AETS)
- **Mathematics Education** - Association of Mathematics Teacher Educators (AMTE)
- **English Education** - Conference on English Education (CEE)
- **Social Studies Education** - National Council of Social Studies College and University Faculty Assembly (CUFA)
- **General** - Society for Information Technology and Teacher Education (SITE)
